### GLOVE TIME

is Fall time and Fall time is "now" time. Follow that bit of logic? Next point is then, where to get gloves. There's a few points that head our way. Here they are: Fine quality, perfect fit—and a price to match a small sum in your pocket-book. Pretty good points aren't they? If you think so, come in and examine.

### Satisfactory Sox

We haven't said much about our hosiery lately—been so busy with other things—but now a word for this important accessory. Our sox are not holeproof, waterproof or guaranteed to wear any set time. That's rather frank, isn't it? If you buy a pair of sox here and aren't satisfied that you get your money's worth of wear out of them, come in and we'll cheerfully refund your money. That's our offer. Try it.

A still alarm at five o'clock yesterday afternoon called the chemical department to Railroad street for a chimney fire in the house at No. 7, owned by John H. Kelly. One hand chemical put the fire out, with no damage. The department made an extremely quick hitch and run, the chemical arriving at the house two minutes and 50 seconds after the call was received, and after a very long run.

The whist party and dance held at Knights of Columbus hall last evening by the ladies of St. Monica's church was a success in every way. There were 13 tables of players, who indulged in progressive whist until about 10 o'clock. The highest scores were made by Mrs. E. S. Noble and Martin Riley. At the conclusion of the whist playing, the floor was cleared and dancing was enjoyed until 12 o'clock, music being furnished by Riley's orchestra of three pieces.

Commencement day gaieties on the campus of a girls' college in Evanston, Ill., together with varied misadventures of the story's principals, and the frolic of a honeymooning pair among opera bouffe brigands in Corsica, are the principal contrasts of scene and substance in "A Knight for a Day," the big New York, Chicago and Boston musical comedy success coming to the opera house to-night, October 30th.

New program to-day at the Bijou, and a good one. "Caught in the Web," is the feature picture, and those who have seen it say it's fine. A good many people wonder how such pictures are made. It takes much drilling of many characters, more even than it takes to put on some plays, and a great many rehearsals before a perfect picture is obtained. It costs from \$200 to \$2,000 to make one picture. The films are sometimes two miles long. Nowadays every great event that is scheduled to occur is "covered" by moving picture men. Thus it can be readily seen that the picture one sees on the canvas represents much time, work and money.
